

## Lion Environmental's Statement of Qualification for Environmental Permitting

**Lion Environmental is a leading provider of professional consulting services specializing in the preparation and approval of environmental and infrastructure permits for various industries. With our extensive project experience, we have successfully assisted numerous businesses in evaluating their permitting needs, obtaining permits for new processes, and amending existing permits, ensuring compliance with regulatory requirements.**

In the realm of environmental permitting, businesses often face challenges when it comes to understanding the complex permit procedures and the necessity of obtaining them. As regulations continue to evolve and become more stringent, companies can easily fall out of compliance if they do not have a clear understanding of the ever-changing landscape. At Lion, we strive to bridge this knowledge gap and provide comprehensive guidance to businesses, helping them navigate through the intricate world of environmental permitting.

Our team of experts specializes in finding effective and tailored solutions to address regulatory challenges. We understand that each business is unique, and therefore, we approach each project with a keen focus on understanding site-specific conditions, your operational processes, and the specific regulatory requirements that apply to your industry. By gaining this in-depth understanding, we can develop customized strategies that align with your business goals while ensuring compliance with environmental regulations.

At Lion, we pride ourselves on delivering efficient and timely services, maximizing effectiveness and minimizing costs for our clients. Our reputation is built on our ability to swiftly deliver the required documents and permits, ensuring a smooth and hassle-free permitting process. We understand the importance of minimizing operational disruptions and ensuring compliance within the shortest possible timeframe.

Our extensive portfolio of permits encompasses various multidisciplinary approvals, including permits such as Environmental Impact Assessment (EIA) approvals including impact assessments on Natura 2000 protected sites and Environmental, Social, Health Impact Assessments for international financial institutions. We also specialize in Integrated Pollution Prevention Control (IPPC) permits and sector-specific permits such as water permits, air emission permits, and waste permits. We also obtain location permits for offshore and onshore investments. With our comprehensive knowledge and expertise in these areas, we can guide you through the intricacies of obtaining the necessary permits, ensuring compliance with all applicable regulations.

Lion Environmental is dedicated to providing outstanding services that go beyond generic and one-size-fits-all solutions. We take pride in our ability to deliver tailored solutions that address the specific needs and challenges of each client. Our approach emphasizes efficiency, effectiveness, and cost-effectiveness, ensuring that you receive the highest quality consulting services tailored to your unique circumstances.

When you partner with Lion, you can be confident that you are working with a team of experienced professionals who are well-versed in the intricacies of permitting. We are committed to staying abreast of the latest regulatory developments and maintaining strong relationships with regulatory agencies. Our goal is to help you achieve and maintain compliance while optimizing your operational efficiency.

Contact Lion Environmental today to explore how our comprehensive consulting services can assist you in navigating the complex world of environmental and infrastructure permitting. We are eager to showcase our qualifications and demonstrate our commitment to providing exceptional services that meet your specific needs and drive your business forward.

## World Class Environmental Social Governance Solutions

**Lion Environmental is a leading ESG consultancy, offering comprehensive solutions to businesses seeking to enhance their environmental, social, and governance performance. With a strong emphasis on customer satisfaction, we have built a solid reputation as a trusted advisor in managing ESG risks and delivering successful projects across diverse industries.**

At Lion Environmental, our team of seasoned professionals brings together a wealth of expertise from various natural sciences disciplines. Through our holistic approach, we provide expert guidance, pragmatic solutions, and measurable outcomes for our clients. We pride ourselves on our ability to view projects from multiple angles, ensuring comprehensive environmental assessments, auditing, sustainability, permitting, and outsourcing services.

Our commitment to excellence is reflected in our track record of on-time project delivery, coupled with transparent communication with all project stakeholders. We believe in fostering long-term relationships based on trust and satisfaction, as evidenced by our high rate of repeat clients who entrust us with their future endeavours.

With an extensive portfolio, we have been participating in the Polish energy transition, managing contaminated land, developing critical infrastructure, and assessing companies' ESG performance across all sectors of the industry. This diverse experience allows us to tailor our ESG consultancy services to meet the unique needs and regulatory requirements of each industry.

Partner with Lion Environmental to elevate your ESG performance and unlock sustainable growth. Our expertise, dedication to quality, and client-centric approach make us the ideal choice for businesses committed to environmental stewardship and responsible business practices.

### Sebastian Stachowski

The past decade Sebastian, the founder and CEO of Lion Environmental, has skilfully guided the company through a period of inspiring growth and transformation, propelling it from a small EHS firm to a flourishing ESG consultancy and beyond. Alongside establishing Lion, he also founded REMEDy, a conference committed to addressing soil and groundwater contamination concerns.

With a unit of dedicated subject-matter experts, he leads the organization in participating in the Polish energy transition, managing contaminated land, developing critical infrastructure, and assessing companies' ESG performance. His experience working with leading EHS consultancies in the past has provided him with the necessary skills and expertise to provide top-shelf consulting services.

His commitment to excellence, expertise and dedication, has caused impressive growth and success for Lion. As a result of his leadership, Lion is now recognized as a leader in the industry, providing unparalleled consulting services to clients.

### Monika Rzeźniczak

Is the Vice-President and Technical Director possesses over a decade of experience in the fields of environment and sustainability. With her extensive knowledge, she has become a trusted advisor to over 70 international and Polish clients on environmental engineering, sustainability, and ESG solutions.
