

Lion Environmental's Statement of Qualification for Nuclear Energy Expertise

At Lion Environmental we possess comprehensive qualifications in the field of nuclear energy. With a wealth of experience and expertise, we offer a wide range of specialized services to support our clients in the nuclear industry.

Compliance Audit: Our highly skilled team conducts meticulous reviews and assessments of environmental documentation to ensure compliance with national laws, international best practices, and corporate standards. We evaluate the adequacy of existing measures and provide recommendations for improvement, helping our clients maintain a strong commitment to regulatory compliance.

Investment Management: We provide comprehensive investment management services tailored specifically to the nuclear energy sector. Our experts conduct in-depth analyses of relevant laws and regulations, assist in site selection, facilitate the acquisition of necessary permissions, and identify suitable contractors. We guide our clients through the entire investment process, ensuring smooth project execution and optimal outcomes.

Due Diligence and Site Investigations: As part of property transfers or project development, we conduct thorough due diligence assessments and site investigations. Our experienced team performs comprehensive environmental and technical evaluations to identify potential risks and provide valuable insights to support informed decision-making.

Regulatory Response and Negotiation: We understand the complexities of regulatory compliance and provide expert assistance to clients in responding to violations and negotiating with regulatory agencies. Our professionals possess strong negotiation skills and a deep understanding of regulatory frameworks, enabling us to help our clients effectively navigate complex regulatory environments.

Financial Analyses and Environmental Liability Evaluation: We specialize in conducting financial analyses and evaluations of environmental liability costs. Our experts assess the potential financial implications of environmental risks and liabilities, providing clients with accurate cost evaluations to support their financial planning and decision-making processes.

Permitting and Environmental Impact Assessment: We have a proven track record in successfully obtaining necessary permits for nuclear energy projects. Our team prepares comprehensive Environmental Impact Assessment (EIA) documentation, coordinates with stakeholders, and ensures compliance with regulatory requirements. We guide our clients through the permitting process, facilitating smooth project implementation.

Program Management: Our consultancy excels in overall environmental program management. From project design to permitting, contracting, and construction of remediation systems, we offer end-to-end program management services. Our team ensures effective coordination, efficient implementation, and successful outcomes for environmental programs in the nuclear energy sector.

With our extensive qualifications and commitment to excellence, Lion Environmental is the trusted partner you need for navigating the complexities of the nuclear energy industry. Partner with us to leverage our expertise and drive the success of your nuclear energy projects.

World Class Environmental Social Governance Solutions

Lion Environmental is a leading ESG consultancy, offering comprehensive solutions to businesses seeking to enhance their environmental, social, and governance performance. With a strong emphasis on customer satisfaction, we have built a solid reputation as a trusted advisor in managing ESG risks and delivering successful projects across diverse industries.

At Lion Environmental, our team of seasoned professionals brings together a wealth of expertise from various natural sciences disciplines. Through our holistic approach, we provide expert guidance, pragmatic solutions, and measurable outcomes for our clients. We pride ourselves on our ability to view projects from multiple angles, ensuring comprehensive environmental assessments, auditing, sustainability, permitting, and outsourcing services.

Our commitment to excellence is reflected in our track record of on-time project delivery, coupled with transparent communication with all project stakeholders. We believe in fostering long-term relationships based on trust and satisfaction, as evidenced by our high rate of repeat clients who entrust us with their future endeavours.

With an extensive portfolio, we have been participating in the Polish energy transition, managing contaminated land, developing critical infrastructure, and assessing companies' ESG performance across all sectors of the industry. This diverse experience allows us to tailor our ESG consultancy services to meet the unique needs and regulatory requirements of each industry.

Partner with Lion Environmental to elevate your ESG performance and unlock sustainable growth. Our expertise, dedication to quality, and client-centric approach make us the ideal choice for businesses committed to environmental stewardship and responsible business practices.

Sebastian Stachowski

The past decade Sebastian, the founder and CEO of Lion Environmental, has skilfully guided the company through a period of inspiring growth and transformation, propelling it from a small EHS firm to a flourishing ESG consultancy and beyond. Alongside establishing Lion, he also founded REMEDy, a conference committed to addressing soil and groundwater contamination concerns.

With a unit of dedicated subject-matter experts, he leads the organization in participating in the Polish energy transition, managing contaminated land, developing critical infrastructure, and assessing companies' ESG performance. His experience working with leading EHS consultancies in the past has provided him with the necessary skills and expertise to provide top-shelf consulting services.

His commitment to excellence, expertise and dedication, has caused impressive growth and success for Lion. As a result of his leadership, Lion is now recognized as a leader in the industry, providing unparalleled consulting services to clients.

Monika Rzeźniczak

Is the Vice-President and Technical Director possesses over a decade of experience in the fields of environment and sustainability. With her extensive knowledge, she has become a trusted advisor to over 70 international and Polish clients on environmental engineering, sustainability, and ESG solutions.

Her diverse portfolio of managed projects spans several industries, including oil and gas, renewable energy, pharmaceuticals, waste management, and aerospace. Furthermore, Monika has participated in extensive environmental and water management studies, providing her with a wealth of knowledge in the field. Her experience in planning and agreeing offshore investments in Poland has positioned her as a respected leader in the industry. She is actively involved in driving ESG strategies for both Lion and her clients, showing great enthusiasm for sustainable technologies and investment development.

Her contributions to the field of sustainability have been recognized in the market, making her a highly sought-after professional. Her dedication, passion, and expertise continue to make a significant impact in the areas of environment and sustainability.
